Early in the morning meet with your local guide and go for a **bicycle ride** at Lake Manyara (**out of the park**). The trail is leading through banana plantations to the shores of Lake Manyara, and then we follow the shoreline. We cycle besides flocks of flamingoes and pelicans. Herbs of wildebeests, zebras and giraffes usually are grazing around the plains of the lake. The ride is approximately 3-3 1/2 hours. Return to the camp for breakfast and relaxation for a while.

Alternatively, Mto **wa Mbu village nature walk** – also meet your local guide and go for a cultural experience and nature walking safari. Mto wa Mbu village is thought to be one of the only places in Tanzania where there are representatives from all 120 tribes living happily side by side. Although the name translates as ‘Mosquito River’, due to the permanent water source in the village, we fortunately didn’t see many mosquitoes. Your guide is very likely to be from the village itself so you will have a unique opportunity to see the community through his eyes. During your visit you’ll get a good feel for the social side of the village – the banana plantations, the milling machines, the schools, markets and churches. Your guide will be happy to answer any questions you might have and will help you to gain an understanding of the inner workings of this typical Tanzanian community.
